

HOW DO WE USE OBJECTS TO CHANGE THE WORLD?

Name _____

Date _____

IN THE LATE 1800s, the popularity of the bicycle helped lead to a variety of social changes, including new ways of dressing and greater independence for women and young people. What other objects have helped to change the world? What objects do you use to change the world today? Select an object from the past or present.

Draw, paste, or upload a picture of your object here:

THINK ABOUT the impact of the object you selected on the following:

- The way people interact, communicate or work.
- Customs or values in a society.
- The economy or political life.

Explain how this object helped to make four changes in the way we live, work, or play:
